Our panel of experts

Keynote Speaker **Julien Marcilly** has worked as Chief Economist at Coface since March 2015. Prior to this position, he has been the Deputy Chief Economist of Coface and Head of Country Risk at Coface since 2012. He joined Coface from a New York-based asset management company, and was an economist with Société Générale prior to this.

He has an extensive background in emerging markets, a PhD in financial economics from Paris-Dauphine University, and a Master in Management from ESCP Europe.

Pieter van Ede has been Head of Global Clients of Aon's Credit Solutions since 2015 located in the USA. With over 30 years of career experience in trade credit and finance across several continents, Pieter has extensive experience delivering solutions to multinational clients.

He has held executive underwriting positions at Atradius in The Netherlands and South Africa.

Joscha Rosenbauer is founder and Chief Executive Officer of Pactum AG. Prior to this, he has had an extensive career within Porsche group in Germany, UK, USA and Switzerland. Hence, his expertise covers the finance and automobile industry, which led to Pactum's formation and primary focus of working capital finance

He holds a Master of Business Administration from HSG St. Gallen and a Bachelor of Engineering from the University Stuttgart.

About

AON Credit Solutions

Aon is a leading international credit insurance broker providing our clients with innovative solutions against non-payment risks, while improving access to trade finance and helping their businesses to grow.

Our objective is simple: create long-term client partnerships by delivering tailored, effective insurance and guarantee solutions backed-up by a highly professional day-to-day service.

About

Headquartered in Zurich, Pactum strives to be the Swiss provider of working capital solutions for industry leaders and investors in Europe. The company turns intelligent financing solutions into attractive investment opportunities. Pactum's focus lies with receivable and supply chain finance as a financing alternative. For its clients, its solutions support growth, acquisition or turnaround strategies and for its investors, the overcollateralized and insured investment solutions offer a new, uncorrelated source of return.
